

Carnarvon Gorge Walk Planner

Carnarvon National Park

All distances are return from the visitor area unless otherwise stated.

Key to tracks (Australian Standards)

Class 3 track

- Gently sloping, well-defined track usually with slight inclines or few to many steps.
- Steep sections occur.
- Caution needed on creek crossings, ladders and steps.
- Reasonable level of fitness required.

Class 4 track

- May be extensively overgrown; hazards such as fallen trees and rocks likely to be present.
- Caution needed on creek crossings, cliff edges and naturally-occurring lookouts.
- Moderate level of fitness required.
- Ankle-supporting footwear strongly recommended.

Walking tip: Walk directly to the furthest point on the main track you intend to visit, taking the side tracks to other sites on the way back.
